70 YEARS PROTECTING OUR SEAS

WHO WE ARE

We are the leading Greek company in the field of port reception facilities, marine environmental protection services and waste management services.

Since 1940 we serve on a 24/7 basis more than 30 ports in Greece.

We provide immediate, effective & efficient solutions & services, concerning Emergency Response, globally.

We emphasize on the importance of recycling, valorization and alternative management of waste and strive for providing the most optimal and environmental sound solutions.

We protect sea and land from environmental hazards.

OUR APPROACH

We combine cumulative **knowledge & experience** to deliver first-class solutions for our customers.

We are using all the **necessary resources** in a **sustainable way**, in order to tackle every environmental challenge.

We aim for our business to **positively influence** society and the environment.

We always aim at zero carbon dioxide emissions and we have achieved a **Zero Carbon Footprint**.

The adoption of **Circular Economy** concepts & practices is the way we do business.

EMERGENCY RESPONSE SERVICES

Thanks to our passionate team members, our 70 years of expertise and the use of the latest technology and global best practices, we have achieved the implementation of Sustainable Sea Services worldwide.

OIL SPILL RESPONSE SERVICES

We respond to oil spills wherever in the world they may occur, by providing emergency response and intervention services.

We are active members of the ISCO (International Spill Control Organization).

We offer our services 24/7.

WRECK REMOVAL WASTE MANAGEMENT SERVICES

We have the expertise and equipment required to undertake the most complex environmental protection services during wreck removal operations around the globe.

DISTRESSED CARGO MANAGEMENT

Our experience and expertise & the latest technology we put in practice, allows us to treat all kinds of waste even under extreme circumstances. When cargo is unable to reach its destination due to contamination, damage or abandonment, we will assess and develop a tailor-made solution on behalf of our client.

WORLDWIDE RESPONSE

ANTIPOLLUTION SA and VEOLIA FIELD SERVICES UK LTD joined forces in March 2016 to serve the shipping industry worldwide.

ANTIPOLLUTION SA provides its expertise in MARPOL waste management and experience in serving the shipping sector, while VEOLIA contributes with its processing plants around the world.

A flexible team of experts is on a 24/7 stand-by position, ready to be mobilized with proper equipment and arrive at site on a very short notice.
